

# SOLVAY CAMPUS RECRUITMENT

**CONNECTING EMPLOYERS & TALENTS**

**Solvay Brussels School**  
Economics & Management

## Solvay Brussels School (SBS - EM)

The SBS-EM was founded in 1903 by Ernest Solvay, a humanist and industrial leader to bridge the gap between business and technology. Since then, it's been training men and women with management skills, **decision making** and **analytical thinking**.

It is part of the faculty of Université libre de Bruxelles (ULB), which plays a major role in economic, social, and cultural development in Belgium.

The SBS-EM is a demanding institution, where students must **work hard** and strive for **excellence**. It provides robust education, carries out advanced research and benefits from deep ties with the Belgian economy.

The school offers education services from bachelor degrees to high-level executive education and PhD programmes.

## Solvay Campus Recruitment Programme

The Solvay Campus Recruitment is our school's programme facilitating Employers' talent acquisition.

It enables quality employers to connect with our students (Bachelor, Master & Advanced Master) through online as well as offline recruitment activities.

This programme is powered hand in hand with the Solvay Brussels School as well as the Bureau Étudiant Solvay and the Cercle Solvay.

# Our Flagship Events

## Solvay Consulting Month October 2019

Our opening event. Throughout the month of October, we invite two consulting firms every Monday to host a customized activity of their choice with our students. We finish off with a relaxed, networking activity.

## Solvay Career Days 19-20 February 2020

Our main event. We gather half a hundred the Belgium's top companies and close to a thousand students over a two-day long, good old job-fair taking place at the heart of our campus.

## Fair for Impact 19 March 2020

Our rising star. NGOs, public and non-profit organisations are invited to come over to share their insights and meet with Solvay's greatest minds during this toned-down fair.
